## **Important Definition Change**

This January 1, 2004 report marks the **sixth year of the expanded definition.**

**New (Expanded) Definition: January 1st, 1999 - 2004 reports.**

Herein referred to as “DOC jurisdiction population”.

The population covered in this report is the Massachusetts Department of Correction (DOC) criminally sentenced population on January 1, 2004 incarcerated in DOC facilities *as well as* DOC inmates serving time in correctional facilities outside of the DOC (Massachusetts Houses of Correction, other states’ correctional facilities and the Federal Bureau of Prisons).

**Old Definition: January 1st, 1998 and prior reports.**

Herein referred to as “DOC custody population”.

The former definition includes criminally sentenced inmates in DOC facilities *only*, and does not include criminally sentenced DOC inmates serving time outside of the DOC in Massachusetts Houses of Correction, other states’ correctional facilities and the Federal Bureau of Prisons.

## **EXECUTIVE SUMMARY**

- ? Over the past ten years, the percentage of the custody population representing each offense category has remained relatively stable. The percentage of inmates incarcerated for Person offenses has fluctuated between 45% and 50% during this time span. Sex offenses represented 17% to 19% of the custody population, while Drug offenses made up between 20% and 21%.

## **Introduction**

This report marks the **sixth year of using the jurisdiction population**. This definition includes the Massachusetts Department of Correction (DOC) criminally sentenced population on January 1, 2004 incarcerated in DOC facilities as well as DOC inmates serving time in correctional facilities outside of the DOC (Massachusetts Houses of Correction, other states' correctional facilities and the Federal Bureau of Prisons). This population will be referred to as "DOC jurisdiction population" in this report. **Since the change in this definition is just since 1999, all trend tables and discussions are based on the prior definition, that is, criminally sentenced inmates in DOC facilities *only*, herein referred to as "DOC custody population".**

The information in this report is a "snapshot" composition of the inmate jurisdiction population on January 1, 2004. Throughout the rest of the body of this report, the phrase "in 2004" is substituted for "the DOC jurisdiction population on January 1, 2004".

The population described in this report is inmates incarcerated as a result of a *criminal* commitment. This includes **county, federal, and other states'** inmates transferred to a DOC facility who were in DOC *custody* on January 1, 2004 (N = 439). The breakdown of the total DOC *custody* population (inmates *in* DOC facilities) is as follows:

<b>8,621</b>	<b>(100%)</b>	<b>Total DOC <i>custody</i> population</b>
8,239	(95%)	DOC
302	(4%)	County
80	(1%)	Federal and Other-states' inmates

Additionally, inmates criminally sentenced by the courts to the DOC, but serving time in federal, county, or other states' correctional facilities are **included** in this report. Individuals falling outside of the "custody" population, but within DOC "jurisdiction" on January 1, 2004 represented in this report are:

<b>439</b>	<b>(100%)</b>	<b>Total DOC inmates housed outside of the DOC</b>
105	(24%)	Federal or other states' correctional facilities
334	(76%)	County Facilities

**Excluded** from this report are individuals in DOC facilities on January 1, 2004, who were *not* serving a *criminal* sentence (civil commitments and pre-trial/awaiting trial detainees). The civil commitment population was excluded because the reporting system is not as extensive as for criminal commitments. Consequently, most of the data for civil commitments would fall in the “not reported” categories of the tables.

Individuals that are pre-trial or awaiting trial are not sentenced. Also, limited information is available about this population. They are not sentenced, therefore their offense and sentencing information is not applicable.

Populations excluded from this report are as follows:

<b>588</b>	<b>(100%)</b>	<b>Total Civil Commitments at the DOC</b>
225	(38%)	Treatment Center for Sexually Dangerous
202	(34%)	Bridgewater State Hospital
142	(24%)	Massachusetts Alcohol and Substance Abuse Center
13	(2%)	MCI-Framingham
3	(1%)	MCI-Shirley
2	(0%)	Shattuck Correctional Hospital Unit
1	(0%)	Souza-Baranowski Correctional Center

<b>618</b>	<b>(100%)</b>	<b>Total Pre-Trial/Awaiting Trial at the DOC</b>
146	(24%)	Females at Awaiting Trial Unit at MCI-Framingham
472	(76%)	Males awaiting trial in a DOC facility

This report is organized into two main sections. The first section presents tables and charts describing the January 1, 2004 DOC jurisdiction population. This section depicts inmate demographic characteristics, information about criminal offenses for the inmate population, and data regarding sentencing, such as court from which committed, type of sentence, and sentence lengths. A table that shows the placement of DOC inmates by facility and security level is also included. Trend tables comprise the second section of the report and are based solely on the DOC custody population. This allows for consistent comparison to previous years.

Tables and charts are presented in each section of the report. The trend tables have been expanded from previous years' reports to cover the 1995 to 2004 period, when possible. If data is unavailable for certain years, it is noted by “NA” (not available) in the table.

Please note that due to rounding, some of the tables may not add to 100%.

The Glossary beginning on page 30 provides definitions of terms used in this report and addresses some methodological issues.

First-Degree Life and Second-Degree Life categories include inmates who were sentenced for a minimum term of “Life 1” or “Life 2” regardless of whether the sentence was subsequently changed due to a commutation. For the years 1996 and previous, sentences that were changed to a minimum term of years via a commutation or court order are excluded from the reported figures.

## **Sentence/Sentence Type**

### **State Prison Sentence**

Prior to the Massachusetts “Truth in Sentencing” law, if an offender is sentenced to the State Prison, except for life or as an habitual criminal, the court shall not fix the term of imprisonment, but shall fix a maximum and minimum term for which he/she may be imprisoned. The minimum term shall not be less than two and a half years. All sentences which have a finite maximum term are eligible to have the term reduced by statutory good time, except for most sex offenses, crimes committed while confined and certain “mandatory” sentences.

In the “new law”, all Massachusetts state sentences have a minimum and a maximum term, unless an inmate is sentenced for life or as a habitual criminal. The minimum term is used to determine parole eligibility, and the maximum term is used to determine discharge.

Under both the “old” and “new” sentencing systems, an inmate is discharged from his/her sentence at the expiration of his term, less any statutory or earned good time. Under the “new” system none of the reduction will be attributable to statutory good time.

### **Reformatory Sentence**

Prior to the Massachusetts “Truth in Sentencing” law, males and females can be sentenced to a Reformatory sentence, an indefinite term, indicated by a maximum term.

For MCI- Concord, a male not previously sentenced for a felony more than three times, convicted of a crime punishable by imprisonment in any correctional institution of the Commonwealth or by imprisonment in a jail or House of Correction may be sentenced for an indefinite term. Concord may confine misdemeanor offenders as well as those who commit felonies.

A female convicted of a crime punishable by imprisonment in a House of Correction may be sentenced to the Massachusetts Correctional Institution-Framingham. In addition to those women who commit felonies, MCI-Framingham may confine female misdemeanor offenders.

The “new” law eliminates “Concord” (or Framingham) sentences to the state reformatory.

House of Correction Sentence

Also known as a “County Sentence”. Prior to the “Truth in Sentencing” law, if an offender is sentenced to the House of Correction, the term shall be two and a half years or less. Parole eligibility and discharge are based on the maximum term of a sentence.

Under the “new” law, discharge on this sentence will change because of the elimination of statutory good time. There is no change in the parole eligibility date.

Other State, Federal

This category is used for inmates who were received by the DOC from another state correctional agency or the Federal Bureau of Prisons and are not sentenced under Massachusetts General Law.

**Truth in Sentencing Indicator**

On January 12, 1994, the Governor signed into law an Act to Promote the Effective Management of the Criminal Justice System. St. 1993, c. 432, generally known as the “Truth in Sentencing” Law. Sentencing for offenses committed after June 30, 1994 are significantly affected by this law. This field indicates whether the “Current Offense” was committed prior to or after June 30, 1994. For further discussion on some of the changes due to Truth in Sentencing refer to “Sentence/Sentence Type” earlier in Glossary.

**Type of Sentence**

In past reports, this variable has represented the type of sentence received by the court such as Aggregate, Concurrent, Fine, Forthwith, From and After, Simple, or Split. Due to changes in the database, the Type of Sentence is no longer available in such detail, consequently it is no longer reported. This variable is different from “Sentence Type” which is presented in this report and defined earlier in the Glossary.

**Violent Offense**

Any offense that falls under the Person or Sex Offense categories.

## **Appendix**

Offenses are listed in alphabetical order by category. If more than one offense is combined into the same label or an offense label was shortened to fit in the report table, the offense is listed in this Appendix. Abbreviated offense labels are printed in **bold** letters. Arithmetic signs have been used to abbreviate where relevant and represent the following: > (greater than), < (less than), + (and over).
